

Request to plant a tree and perhaps a bench on Priddy Green

I am writing to you regarding paying for a tree that may be planted in memory of a deceased loved one.

I realise that you may have a tree planting scheme and I would be willing to pay for one of those. I am also interested in perhaps paying for a bench as I know that these are dotted around to view the landscape etc. I would like a plaque for either of these but if it is not possible I understand. Thank you.

I look forward to hearing from you
